

Minerals Matter...

www.sepraexim.com

Minerals are essential
to thousands of our
Everyday Products

AT THE HEART OF SUPPLYING MASS CONSUMPTION RAW MATERIALS:

Head quartered in Hyderabad, India, Sepra is a supplier-trader of high quality industrial minerals and raw materials used in various industries, each of which is processed and supplied on time to ensure their usage in an extremely wide range of industrial and domestic applications.

Sepra acknowledges the importance of raw materials in industrial process, and thus it consistently maintains material stock positions and long term purchase contracts with mines & processing units, in order to ensure on time supply and delivery of quality materials to customers.

Extracting & processing of raw materials at Sepra is initiated from its long-term associated mines that are located in various parts of India like Rajasthan, Andhra Pradesh and Telangana states.

What's more, the professional team of Sepra ensures that all constituents of supply chain, from producer to consumer, are complied in given timelines – worldwide.

THE HIGHLIGHTS OF SEPR:

- Ⓞ Reduced cost, best quality and timely delivery.
- Ⓞ The team negotiates best possible price to move products along the most economical route.
- Ⓞ Freight Arrangement from In-house Shipping and Chartering Desk.
- Ⓞ Speed, cost and reliability come standard in every transaction.

SEpra[™]
Rooted with efficiency

MINERAL SOURCING

Sepra, at any point of time maintains long-term relations with prominent raw material producers, mining companies and other industrial entities by having off take agreements for supply & maintain forward stock positions.

SUPPLY CONTRACTS

Most deals are done on CFR or CIF basis. While in CFR sales, Sepra takes on the cost of transferring the goods to a named destination port and in CIF sales, Sepra also insures the commodity and underwrites the cost for any unforeseen events during the voyage upto named destination port

PROCESSING & QUALITY

Sepra QT ensures materials to undergo various stages of inspection starting from mineral extraction, processing, storage till delivery. Our QT also chooses the quality products manually at mines, so the same quality materials will reach our Domestic and International customers

STORAGE / BLENDING

Sepra stores raw minerals & bulk commodities in term-lease storage facilities. Depending on customer specifications we blend physical commodities to meet requirements..

LOGISTICS

We ensure the safe, secure and prompt delivery of products, regardless of geographic location

SHIPPING

Sepra has dedicated shipping team capable of chartering dry spot charters in all vessel sizes, from 2,000 to 100,000 dead-weight(DWT) tonnage Ships. We ensure we always to meet their rigorous standards for shipping and freight

LOADING

We use our knowledge, technology and logistical resources to load materials from different India Ports

MICA

- Available Colors** : White / Off white, Brown.
- Available Foam** : Powder & Flakes
- Used for Making** : In Paints, Electrical, Coatings, Thermo Plastic, Plastics, Rubber.

| SiO ₂ | Mgo | Al ₂ O ₃ | Fe ₂ O ₃ | K ₂ O | CaO + Mgo | LOI | Mesh |
|------------------|--------|--------------------------------|--------------------------------|------------------|-----------|--------|--------|
| 48% | 19.50% | 20 - 37 % | 1.5-2.8% | 4-9% | 0.1-1.5% | 3.5-6% | 30-500 |

TALC

- Available Colors** : White, Grey & Green
- Available Foam** : Powder & Flakes
- Used for Making** : Paints, Paper, Rubber, Coatings, Ceramics, Agro Chemicals, Electrical Insulations, Textile

| SiO ₂ | Mgo | Al ₂ O ₃ | Fe ₂ O ₃ | K ₂ O | CaO | LOI | Mesh |
|------------------|--------|--------------------------------|--------------------------------|------------------|------|----------|------------|
| 59-61% | 27-29% | <1.0 | <3.0 | - | <5.0 | 5.5-7.5% | 100-10 Mic |

DOLOMITE

Available Colors : White, Grey & Green

Available Foam : Lumps & Powder

Used for Making : Soap & Detergent,
Iron, Steel, Paints,
Powder Coating,
Ceramic, Rubber, Glass

| SIO2 | Mgo | Al2O3 | Fe2O3 | K2O | CaO | LOI | Mesh |
|------|--------|--------|-------|-----|--------|--------|------------|
| 3-5% | 18-21% | 0.25 % | 0.30% | - | 28-32% | 45.80% | 100-10 Mic |

PYROPHILLITE

Available Colors : White / Off White
Green (Lumps)

Available Foam : Lumps & Powder

Used for Making : Ceramics,
Refractories,
Electric Insulators,
Stone Carvings,
Paints, Rubber

| SIO2 | Mgo | Al2O3 | Fe2O3 | K2O | CaO | LOI | Mesh |
|--------|-------|--------|-------|-----|-----|-----|---------|
| 64.48% | 1.12% | 25.00% | 0.51% | - | - | - | 100-300 |

QUARTZ

Available Colors : White, Glassy, Semi Glassy
Available Foam : Lumps & Powder
Used for Making : Glass, Ceramic
 Foundry, Water
 Oil well drilling
 Semi-Conductor
 Ferro-Silicon Metal

| SIO2 | Mgo | Al2O3 | Fe2O3 | Gravity | Hardness | LOI | Lump Size |
|----------|--------|-----------|--------|---------|-------------|-------|-----------|
| 98-99.7% | 00.12% | 20 - 37 % | 00.04% | 2.65 | 7 Mhs Scale | 0.17% | 20-150 mm |

FELDSPAR

Available Colors : White / Off White
 Green (Lumps)
Available Foam : Lumps & Powder
Used for Making : Glass Vitrified
 enamels,
 Ceramics wind
 Plates Pattery

| SIO2 | Mgo | Al2O3 | Fe2O3 | K2O | Cao | LOI | Na2O |
|------|-------|--------|-------|--------|-------|-------|-------|
| 65% | 0.70% | 7.10 % | 0.27% | 10.60% | 1.68% | 2.13% | 2.41% |

CALCITE

- Available Colors** : Fine White Powder
Available Foam : Lumps & Powder
Used for Making : PVC Pipes furniture,
 LLDPE films,
 LDPE woven sacks
 PU foam, PVC cable

| SIO2 | Mgo | Moisture | Calcium C'N | K2O | Cao | LOI | Mesh |
|------|----------|-----------|-------------|-----|-----|-----|-----------|
| 2-4% | 0.4-0.6% | 0.5-0.8 % | 90-98% | - | - | - | 100-8 Mic |

CHINA CLAY

- Available Colors** : Soft White
Available Foam : Lumps & Powder
Used for Making : Paints, Rubber,
 Paper, Ceramics,
 Welding Rods,
 Fiber Glass

| SIO2 | Mgo | Al2O3 | Fe2O3 | K2O | Cao | LOI | Mesh |
|--------|------------|---------|------------|-----|----------|--------|---------|
| 45-48% | Below 0.5% | 33-39 % | Below 0.5% | - | Below 1% | 12-14% | 100-500 |

WHY SEpra?

- ⦿ The prices will not increase when sourcing is through Sepra, as we save a lot of cost for manufacturing company in exporting/marketing their products and ultimately this benefit is passed onto our customers.
- ⦿ Sepra makes a thorough exercise on comparison of prices, quality and the general management of the company.
- ⦿ Sepra constantly establishes business and trading relationships with prominent suppliers, manufactures and buyers.
- ⦿ Sepra comprises of experienced procuring experts, Quality Inspectors, shipping and warehouse experts. Our procuring team makes sure that products are sourced from trusted certified Mines and Processing plants. All products are stringently checked before and after their procurement by our quality inspectors.
